WHAT WE'VE BEEN UP TO –

October is always a busy month for many reasons. We started the month off by continuing our John 15 series. During homecoming week, the kids decided that they wanted a worship night instead of a message which ended up being a great night. Faith Statements from the confirmation students were an incredible blessing to our church once again and we are looking forward to seeing those students continue to grow in Ignite. Ignite joined FCA's Fields of Faith the next week which was a great success and MEA break followed after that. Once we got back together we had a talk about gossip and the call to build up the body of Christ and not tear it down. We then finished the month with pumpkin carving and a message on not being conformed but transformed by Christ. During this month I got

the opportunity to sneak away with Pastor Dave on a prayer retreat and then had a week down in Sioux falls for my seminary intensive so pray for me as I get back into gear after a little time elsewhere. I am excited that October is now behind us and am looking forward to what is next.

WHERE WE'RE GOING -

I think that November might be a good time to explore Christian beliefs on modern day temptations such as alcohol, sex, swearing, and marijuana. These are things that many students hear are "bad" but the reasons why they are or aren't is not often explained. We will look into what scripture says about these topics so we can better understand how to live out our faith with them. Scripture seems to say a lot concerning these things and it should be fun to explore that with our kids.

PRAYER REQUESTS –

Please pray that our students can not get burned out as school continues to pile up. Also that during the stress they can come rest in the Lord.

"So then, let us not be like others, who are asleep, but let us be awake and sober."
