WHAT WE'VE BEEN UP TO –

November absolutely flew by. We explored what scripture said about marijuana and alcohol. We went beyond the right/wrong mentality of both the Christian and secular culture and tried answering the question of what is helpful in fulfilling our calling as Christians. Being sober minded is at the foundation in all of this. We then investigated swearing as well and then came back from thanksgiving break with a testimony and worship night. Looking into these topics is informative but the messages don't necessarily minister to the heart at times. A worship night and time to reflect and connect with God was much needed.

WHERE WE'RE GOING -

December has started off with a bang as we talked about Sex. Too often sex gets labeled as bad and our students are told to just avoid it. This topic is too important to just leave it at that. On the contrary sex isn't bad, it is good, and was designed by God. Sex therefore has great power and therefore God lays out guidelines so that we don't get hurt, misuse, or devalue sex. This was just the tip of the iceberg as we dove into this topic together. Next, we will be answering questions that the students have anonymously asked about faith and then finish the month off by caroling on the 20th. Please reach out if you or your kids need anything. I am here to serve you and your families.

Please pray that our students do not get burned out as school continues to pile up and that they can rest in the Lord during stressful seasons.
